

MAKE YOUR SUMMER EXPO-TASTIC!

JOIN US FOR A WORLD OF FUN AND LEARNING!

School is out, summer is in, and all of us at the **Expo School Programme** are gearing up to launch a unique summer camp where fun and learning go hand-in-hand. The camp continues our mission to inspire and empower the next generation to explore, create, and learn in a fun and safe environment.

We are excited to announce **Expo 2020 Summer Explorers**, an online camp for children between the ages of 7 to 16, which will take place from July 27th to August 6th. There are activities filled with creativity and discovery where children will embark on a virtual roadshow and tour, engage in a host of hands-on experiences, and create exciting innovations.

SIGN ME UP PLEASE!

We want to take this opportunity and thank you for your overwhelming support and engagement, beginning with our online **Learning Resources**. Since early April, we registered more than **5,400 downloads**, with enthusiastic educators such as yourself incorporating our interdisciplinary lessons into the classes you teach online. We're beyond humbled by your response.

Our series of **Online Teacher Workshops** was created with your distance learning journey in mind. We welcomed you—along with **2000+ attendees from 280 different schools** across the UAE—to engaging webinars where we walked you through our award-winning website, explored the Learning Resources library in-depth, and showcased ideas that help take your online lessons further.

And this is just the beginning of our journey together. Moving forward, all of us at the **Expo School Programme** remain committed to supporting the school community in a variety of ways: With more workshops, social media activities, and a range of dedicated student programmes, paving our shared path to a re-imagined World Expo experience.

STAY SAFE, STAY WELL, AND HAVE A WONDERFUL SUMMER BREAK!
